- On the first three distances all 5 years groups will be joined together for drawing (women and men separately)
- All competitors will be admitted to the last distance
- An exception to this is when a competitor has received a Yellow Card from the Referee, the competitor is then excluded from the remainder of the competition (ISU Rule 275 Disqualification)
- The final distance drawing, classification and final ranking will be done in separate 5 years age groups independent of the number of participants per age group. However, skaters in adjacent groups with an odd number of participants, who in this case would skate alone on the last distance, maybe paired together on the last distance.

The skater that completes all distances successfully and obtains the lowest total of points in his/her five-year age group wins the four-distance competition in her/his age group.
